

## PVC Edge Top

The PVC Edge Banded Table Top is a practical and stylish solution for modern furniture, combining resilience with a sleek appearance. Featuring a High-Pressure Laminate (HPL) top surface on an engineered wood substrate, this table top is built to withstand everyday use while maintaining its aesthetic appeal.

### Key Features:

- **Material:** Crafted with a durable HPL surface and a high-quality engineered wood substrate, providing strength, stability, and longevity.
- **Design:** The PVC edge banding offers a smooth, seamless finish while protecting the edges from chipping or damage, making it ideal for busy environments.
- **Dimensions:** Available in a variety of sizes to suit your specific requirements, from compact tables for intimate gatherings to larger surfaces for group settings. Fully customizable to match your needs.
- **Edge Finish:** Choose from our standard color selection or special request to match laminate selection\*.

Nominal set-up fee charged on small orders. \*Special request edge is pending availability and requires a minimum order purchase
