

Sentinel Metal Under Bed Chest

Sentinel Under-Bed Chest

The **Sentinel Under-Bed Chest** provides secure, heavy-duty storage in a compact, space-saving design. Each of its two drawers supports up to 100 lbs. and glides smoothly on precision ball-bearing telescoping slides with full-extension operation for easy access. Built from cold-rolled, multi-welded steel, it resists rust, pests, and daily wear, making it ideal for high-use institutional environments. Optional pad-lockable drawers and an internal locking mechanism offer added security.

Dimensions: 52"W × 18"D × 9.5"H

Structural Integrity

- Cold-rolled prime furniture-grade steel used in all parts
- Will not fracture under a bend test
- Free from rust, scale, pits, scratches, and buckles
- No exposed raw edges; corners ground smooth and sanded
- Two large drawers for maximum storage
- Optional pad-lockable drawer available

Finish

- Premium powder-coat finish baked at 325°F for 20 minutes
- All surfaces cleaned and degreased for optimal paint adhesion

Drawers

- 100 lb. load capacity per drawer
- Fixed, solid-front drawers with full-width contemporary pulls
- Drawer interior: 7.25"H × 24.5"W × 16.75"D
- Full-extension, precision ball-bearing telescoping suspension
- Anti-bounding feature keeps drawers securely closed
- Optional internal locking mechanism
