

## Cafe Classic Collection

The Cafe Classic collection combines warm craftsmanship with contemporary versatility. Each piece features a solid wood frame paired with a gracefully bent plywood back, creating a comfortable contour and a distinctive visual profile. The upholstered seat adds refined comfort and allows coordination with virtually any interior palette.

The defining element of the collection is the customizable plywood back. Choose from a curated selection of cutout designs — or request a fully custom pattern — to reinforce brand identity, echo architectural motifs, or create a unique signature look for your space.

Available as both a side chair and barstool, Cafe Classic delivers cohesive seating solutions for cafés, restaurants, lounges, corporate cafés, and hospitality environments. Built for durability and everyday performance, the collection balances aesthetics, ergonomics, and long-term value while offering the flexibility designers demand.
